AUDITORS' REPORT

The Boy Scouts of Canada National Operation

We have audited the statement of financial position of The Boy Scouts of Canada National Operation as at August 31, 2005 and the statements of operations, changes in fund balances (deficiency) and cash flows for the year then ended. These financial statements are the responsibility of the National Operation's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these financial statements present fairly, in all material respects, the financial position of The Boy Scouts of Canada National Operation as at August 31, 2005 and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.

THE BOY SCOUTS OF CANADA NATIONAL OPERATION

Notes to Financial Statements

Year ended August 31, 2005
(Amounts in thousands of dollars)

The Boy Scouts of Canada is a national organization operating programs aimed at contributing to the development of young people in achieving their full physical, intellectual, social and spiritual potential as individuals, as responsible citizens and as members of their local, national and international communities through the application of Scouts Principles and Practices.

The Boy Scouts of Canada was incorporated on June 12, 1914, by an Act of the Canadian Parliament and is a registered charity under the Income Tax Act, and as such is not subject to income taxes. The Boy Scouts of Canada National Operation (the "National Operation") is responsible for the national activities of The Boy Scouts of Canada and provides services to the Provincial and Regional Councils (the "Councils") of The Boy Scouts of Canada.

1. Significant accounting policies:

The financial statements have been prepared in accordance with Canadian generally accepted accounting principles and include the following significant accounting policies:

(a) Basis of presentation:

These financial statements reflect the operations of the National Operation only and do not include the revenue, expenses, assets and liabilities of the Councils, Fondation Scouts Canada Foundation and Canyouth Publications Inc.

(b) Fund accounting:

The National Operation follows the restricted fund method of accounting for not-for-profit organizations.

The Operating Fund accounts for the National Operation's program delivery, retail sales and administrative activities. Restricted funds report the revenue, expenses and fund balances of the activities of the National Operation for which the funding is restricted to that activity.

The World Scout Foundation Fund reports resources externally endowed by donors for the benefit of the World Scout Bureau. The investment revenue earned on the World Scout Foundation Fund is forwarded annually to the World Scout Bureau.

(c) Inventory:

Inventory is valued at the lower of average cost and net realizable value.

(d) Investments:

Investments are recorded at cost plus accrued interest. Investments are written-down to market value if the decline in value is considered other than temporary by management.

THE BOY SCOUTS OF CANADA NATIONAL OPERATION

Notes to Financial Statements, page 2

Year ended August 31, 2005
(Amounts in thousands of dollars)

1. Significant accounting policies (continued):

(e) Capital assets:

Capital assets are carried at cost less accumulated amortization. Amortization is recorded on a straight-line basis over the estimated useful lives of the assets which is as follows:

Asset	Term
Building	20 years
Betterment	20 years
Office furniture and equipment	5 years
Computer hardware and software	3 years
Scout Shop equipment and renovations	3 years

Capital assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to estimate undiscounted cash flows expected to be generated by the asset. If the carrying amount of an asset exceeds its estimated future cash flows, an impairment charge is recognized by the amount by which the carrying amount of the asset exceeds the fair value of the asset.

(f) Employee benefit plans:

The cost of pensions and other post-retirement benefits earned by the employees covered by defined benefit plans is actuarially determined using the projected benefit cost method prorated on employees' length of service and management's best estimate of expected plan performance, salary escalation, retirement ages of plan members and expected health care costs.

Pension plan assets are measured at fair value. Adjustments arising from plan amendments are amortized on a straight-line basis over the average remaining service period of employees active at the date of amendment. The excess of the net actuarial gain or loss over 10% of the greater of the benefit obligation and the fair value of plan assets is amortized over the average remaining service period of the active employees.

(g) Revenue recognition:

Restricted contributions relating to general operations are recognized as revenue of the Operating Fund in the year in which the related expenses are incurred. All other restricted contributions are recognized as revenue of the appropriate restricted fund in the year received or receivable.

THE BOY SCOUTS OF CANADA NATIONAL OPERATION

Notes to Financial Statements, page 3

Year ended August 31, 2005
(Amounts in thousands of dollars)

1. Significant accounting policies (continued):

(g) Revenue recognition (continued):

Unrestricted contributions are recognized as revenue of the Operating Fund in the year received or receivable, if the amount to be received can be reasonably estimated and collection is reasonably assured.

Investment income earned on restricted funds is recognized in the applicable restricted fund. Other investment income is recognized in the Operating Fund when earned.

Membership, insurance and other Council related fees are recognized as revenue in the fiscal year to which they relate.

Amounts received but not recognized as revenue are recorded as deferred revenue.

(h) Donated materials and services:

Volunteers donate services throughout the year to assist the National Operation in carrying out its activities. Because of the difficulty of tracking and determining their fair value, contributed materials and services are not recorded in the financial statements.

(i) Foreign currency translation:

Monetary assets and liabilities denominated in foreign currencies are translated into Canadian dollars at exchange rates in effect at year end. Revenue and expenses are translated at the rate of exchange prevailing at the time of the transactions. Exchange gains and losses resulting from the translation of these amounts are recorded in the statement of operations.

(j) Use of estimates:

The preparation of financial statements in conformity with Canadian generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amount of assets and liabilities, and contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from these estimates. These estimates are reviewed annually and as adjustments become necessary, they are recorded in the financial statements in the period in which they become known.

2. Amounts receivable from Councils:

The National Operation performs accounting and administrative services for the Provincial Council for Ontario and the White Pine, Voyageur, Prince Edward Island and New Brunswick Councils. The amounts receivable from Councils represent amounts paid by the National Operation on behalf of these Councils which will be reimbursed by the Councils. Interest of chartered bank prime plus 0.75% is charged to the Councils on the receivable balance.

(f) Curtailment:

The National Operation's restructuring plan disclosed in note 13 resulted in a curtailment of the pension and other employee future benefits plans. The impact of this curtailment is disclosed in notes 5(a) and 5(b).

6. Employee future benefits recovery receivable:

The employee future benefits recovery receivable represents the amount of the accrued employee future benefits liability, disclosed in note 5, which relates to the employees of The Boy Scouts of Canada who are working at the Councils. The Councils pay the National Operation for their portion of the employer contributions under the plans in the year.

In the year, the Board of The Boy Scouts of Canada approved the allocation of the entire accrued employee future benefits liability between the National Operation and the Councils. In prior years, only the liability relating to post-September 1, 2001 employee service was allocated. This allocation has been recorded as an adjustment to Operating Fund deficiency, resulting in an increase in the employee future benefits recovery receivable and a decrease in the Operating Fund deficiency of \$1,343.

The National Operation receives funds from Councils for personnel related expenses including training and relocation which are deferred until required.

Group deposits - Scout Shops are funds left on deposit at Scout Shops for future purchases by Groups.

The loan from the Provincial Council for Ontario bears interest at the chartered bank prime rate less 1%. This loan has no annual repayments terms but is to be repaid in full by fiscal 2010.

10. Contingent liabilities:

(a) Legal claims:

The National Operation has been named as a defendant in a number of legal claims, which have arisen in the normal course of its operations and delivery of its programs. Legal claims are categorized as liability, breach of contract, sexual molestation, wrongful dismissal and human rights complaints. In certain of these instances, a specified amount has been claimed by the plaintiffs. In other instances, no amounts have been specified.

The National Operation is covered by insurance policies which provide funding for the cost of most of these claims should damages be awarded. The National Operation has accrued as an expense the amount deductible from insurance payments for those cases where management believes a payment is likely. Due to the difficulty in predicting the outcome of any litigation and the sustainability of insurance coverage, actual losses could differ from management's estimates and therefore could have a material adverse effect on the financial position of the National Operation.

The membership fee receivable balance consists of amounts receivable from local Groups of \$190 and from Councils of \$144 for 2004-2005 national membership and insurance fees. The balance is net of an allowance for uncollectible memberships of \$303, which is included in administration expense.

(b) Other:

A senior volunteer of The Boy Scouts of Canada was, until March 2005, president of the company that contracted warehouse services with the National Operation. As per the conflict of interest guidelines of The Boy Scouts of Canada, the appropriate declarations have been made.

16. Financial instruments:

The carrying value of cash, amounts receivable, membership fees receivable, amounts receivable from Councils, bank indebtedness, membership fees payable, and accounts payable and accrued liabilities approximates their fair value because of the relatively short period to maturity of these financial instruments.

The fair value of the employee future benefits recovery receivable and the loan from Provincial Council for Ontario is not determinable as there are no set terms of repayment. The fair value of investments is disclosed in note 3 to the financial statements.

The fair value of inventory payables to Councils is approximately \$880 based on the expected repayments provided in note 8 and an annual interest rate of 5.5%.

17. Subsequent event:

Subsequent to year-end, the National Operation borrowed \$250 from each of the Provincial Council for Ontario and the Provincial Council for British Columbia, under the same terms as those disclosed in note 9.
