Cost to group	-\$336.77	
Excess Supplies	\$82.92	Non-perishable items returned to Scout room
Net camp cost to group	-\$253.85	

Jonathan complained of being home sick on Friday night, but seemed that he would last, he vomited at 5am on Saturday morning. He vomited a few more times until about 8am when it cleared up. He was fine throughout the day.

Late in the evening he complained more about being homesick and the decision was made to send him home. His parents were called and his father picked him up.

Robert McNaughton decided he wanted to go home when he heard that Jonathan was leaving. His mother was contacted and he was sent back with Jonathan's father.

Spider woggles went well. 126 were manufactured.

Brown bears and banana splits in fire were well received. Note that this reduces the number of marshmallows required.

1st Beckwith won the Impeeza trophy. Their archery was a hit.

Two leaders left the formal campfire early so the bedtime snack was prepared when the Cubs returned.

Tarp over the campfire next time.

Moved one water jug away from the main area onto a stump for hand/face washing, teeth cleaning, etc.

Maura lost one of her baby teeth.

Sam had a bad headache on Saturday evening. It was treated with Advil by Hope and he recovered in 1/2 an hour. Possibly brought on by dehydration - need to make sure Cubs drink enough.

Nowhere near as much coffee was drunk compared to the spring camp.

The Cubs didn't eat anywhere near as many apples/oranges as at spring camp. Maybe because it wasn't as cold or they weren't around the campsite as much.

Cookies and chips weren't needed for snacks
