

Although a complete schedule is available on our website at [www.1stmerrickville.ca](http://www.1stmerrickville.ca), this partial schedule is available for your reference:

We will be collecting large size (1kg) coffee cans with their plastic lid for a pin-hole camera project in May. These cans, one per Cub, will need to light tight when their lid is placed on them (we will be painting the inside black).

This schedule changes on the fly as our meeting hall inadvertently becomes unavailable, or guests cannot make the scheduled night. Your patience for late notice would be greatly appreciated as this affects us all.

Please remember that 1<sup>st</sup> Merrickville is collecting both used Laser cartridges and discarded cell phones. This is a fund-raising activity for us. It is preferable to drop these items off at any time at 425 Brock Street East by the front door, but if you prefer, you can bring them with you to your meeting night.

Bring on the Adventure!
