As part of their preparation for Scouts, our senior Cubs have been invited to participate in a Scout winter camp. They are encouraged to stay for the night and sleep with the Scouts under the stars, however they may attend just for the day of activities if desired. At least one Cub leader will be attending the camp, so the Cubs will have at least one leader that they know.

Visiting a Scout camp and learning about their camping program is also one of the requirements for the Cub Canadian Camper Award.

Your Cub must bring their own food for Saturday lunch and supper and Sunday breakfast as well as for mid-morning and mid-afternoon snacks. We will be working with the Cubs on this plan at meeting prior to the camp.

Planned activities include:

- Packing and transporting equipment to the campsite (approximately 1/2 km).
- Constructing a shelter to provide overnight protection and comfort. Hay bales will be provided for insulation.
- Cooking over an open fire.
- Snow shoeing (requires own personal equipment).
- Cross country skiing (requires own personal equipment).
- Tracking and other outdoor activities.

The completed consent form must be returned by Wednesday March 7th along with an indication as to where they will be staying overnight.
