

Valley Highlands Area – Scouts Canada  
**Nitevent competition 2005**

Friday May 13<sup>th</sup> 7.30pm.  
Whispering Pines Camp.

All troops are invited to enter teams of four – six scouts for this overnight adventure. It would help us with planning if you would email me with details of your troop, numbers of youth, and number of adults you anticipate attending.

This year the activities are **all new** and we believe we have something to challenge all age groups.

We need your help to man the bases – a minimum of two adults to a base.  
You will need a tarp, a lantern and a firstaid kit. A clipboard might also be useful. A pen is essential.

The competition is run over Friday night so that youth have a chance to recover in time for school on Monday. You will need to arrive in time to set up tents before the competition starts at DARK.

Please ensure your youth are dressed for any weather. Rainsuits and boots warm sweaters etc  
Every team member will require a working flashlight and spare batteries.

There are ten activities with a hot drink stand halfway round. Competition finishes when all ten bases have been visited after which time teams must hand in their walk cards and adults hand in base records - you can sleep until 9.00am.

Trophies will be presented at 10.15.am. After which you will be free to leave.
